## TPA Poland with a CIJ Award Poland 2019

---

**TPA Real Estate Services involves comprehensive agency and investment advisory TPA Poland's expert team was selected the best advisor in the field of tax and finance in the real estate market by the Jury of the international CIJ Awards contest. The award was received by Małgorzata Dankowska, Partner heading the real estate team and the Warsaw tax division of TPA Poland.**

CIJ Awards is an international event for the real estate market organized by the CIJ Europe magazine. This year's results were announced during the 18th edition of CIJ Awards Poland 2019 ceremonial gala held on November 6, 2019 at Raffles Europejski Warsaw.

During the ceremony, the best companies and projects operating in the commercial real estate market were distinguished. The representatives of TPA Poland received the statuette in the Best Tax & Financial Advisory category.

"It is yet another award this year for the team of tax and financial advisors of TPA Poland. We are very pleased that our knowledge and experience in the field of tax and financial advisory for companies operating in the real estate industry are appreciated. It gives us a great satisfaction," Małgorzata Dankowska from TPA Poland commented on the results of the contest.

She went on to say that: "For TPA Poland's experts 2019 has meant working with the biggest players in the real estate market. Often, they were clients with whom we had the opportunity to work before and who returned to us for support in further transactions. Among the completed projects, we can boast e.g. the purchase transaction of Warsaw Spire Towers by Immofinanz for EUR 386 mln, advisory to FLE GmbH during the purchase of 11 properties in Poland, Czech Republic and Hungary worth over EUR 250 mln, or the sale of Silesia Outlet in Gliwicz by 6B47 Real Estate Investors. It serves as a proof that we set high standards expected by the clients. This year's awards will strengthen the strategy chosen by our company.

The TPA Poland team is highly specialized in tax and financial advisory on real estate purchase and sale transactions, including office buildings, shopping centers, tenement houses and warehouses.

"Clients who decide to invest in the Polish real estate market or want to sell their real estate expect us to perform a thorough financial analysis, including risk assessment, and to determine the effects of a given transaction, including tax effects. We have carried out such projects for many years, gaining experience in working with domestic and international projects. We are therefore pleased that for real estate clients we are often the first choice when it comes to transaction support in terms of financial and tax analysis," said Krzysztof Horodko, Managing Partner, TPA Poland.

Krzysztof Dziekoński, Partner from the audit department of TPA Poland, added: “I would like to congratulate the entire financial and tax team of TPA Poland and at the same time to thank everyone for their work, effort and involvement in the projects. This award goes to all of you. We also wish to express our thanks to our clients for their unchanging trust and to the entire Jury Committee.”
