TPA Poland in the top ten of the best tax advisory firms

The 14th ranking of Tax Advisory Firms by Rzeczpospolita daily has been decided. For another year in a row, TPA Poland has been chosen among the ten top best companies, both in terms of the number of tax advisors and revenue. Thus, it maintained last year's position in this ranking. TPA Poland is the unquestionable leader among tax advisory companies in Wielkopolska – the company ranked 1st among the best advisors from this region.

“We are happy to have such a high position in the Ranking. It clearly confirms the validity of the company's strategy of investing in people and the right tools for the job. This way, every year we can prove that we are among the best,” comments Wojciech Sztuba, Managing Partner, TPA Poland.

“A well selected team, which is properly inspired and motivated, is always the basis for success. This is what distinguishes our company in the market and makes our clients cooperate with us for many years. Especially now in the time of the pandemic, the trust of our customers and our comprehensive offer allow us to go on with our business without any obstacles. Thanks to such a stable foundation of our business, we can meet the expectations of our clients and respond flexibly to market changes,” says Małgorzata Dankowska, Partner heading the real estate team and the Warsaw tax division of TPA Poland.

Yet this is not the end of the awards for TPA Poland. The team took the high 11th position among the companies that advise the largest number of listed companies.

“The fact that we are chosen by public interest companies as their advisors is a special distinction. These companies are subject to exceptional legal requirements and reporting obligations. Advising this group of clients requires a wide range of knowledge and experience. Our employees have it and we are glad that the market appreciates it as well,” says Krzysztof Horodko, Head of Audit and Business Consulting, Managing Partner, TPA Poland.

The TPA Poland's website was also appreciated in the ranking. Out of 48 websites assessed by the editorial team, TPA Poland's site ranked 12th.

“It's a great result and a proof that the work on valuable content that we create for our website brings results. We do everything to improve the comfort of our customers and to update their knowledge, so we enjoy the distinction in this area. We will certainly continue to expand and advance our activities in this area,” concludes Wojciech Sztuba.
